

Moonlight Drive

Let's swim to the moon

Uh huh

Let's climb thru the tide

Penetrate the evenin' that the city
sleeps to hide

Let's swim out tonight, love

It's our turn to try

Parked beside the ocean

On our moonlight drive

Surrender to the waiting worlds that
lap against our side

Nothin' left open

And no time to decide

We've stepped into a river

On our moonlight drive

Moonlight drive

C'mon, baby, gonna take a little ride

Down, down by the ocean side

Gonna get real close

Get real tight

Baby gonna drown tonight

Goin' down, down, down
