[Rap over chorus]

G# D#
Well, I don't exactly know what's going on in the
A#
world today. Don't know what there is to say G#
D#
about the
A#
not like brothers. Leaders take us
G# D#
far away from ecology with
A#
mythology and astrology. I've got some
G# D#
words to say about the way we live
A#
today. Why can't we learn to love each
G# D#
other? It's time to turn a new face to the
A#
whole world wide human race.
G# D#
Stop the money chase. Lay back,
A#
relax, get back on the human track.
G# D#
Stop racing toward oblivion. Oh, such a
A#
sad, sad state we're in
G# D#
and that's a thing. Do you recognize the bells of
A#
truth when you hear them ring? Won't you
G# D# A#
stop and listen to the children sing?
G# D#
Won't you sing it children?
A#
Won't you come on and sing it children?
G# D# A#
He's a stranger in a strange land

G# D# A#
Just a stranger in a strange land
G# D# A#
stranger in a strange land
G# D# A#
stranger in a strange land
(repeat to fade)
